2016 Official Commemorative Poster of Brazos Valley Worldfest

This poster is a teaching resource for cultural, language and geography learning:

BACKGROUND

The 2016 poster for Brazos Valley Worldfest is a tribute to the event's 10th Anniversary. The poster's design reflects the unique imagery, excitement and theme of Worldfest – "Connecting Cultures. Honoring Heritage".

Brazos Valley Worldfest authorized the Bryan-College Station Sister Cities Association to commission the official commemorative poster. In coordination with The Arts Council of Brazos Valley, a call for poster entries was organized to recruit artists from the three international cities that Bryan-College Station has formal agreements with to bring together citizens, students, and businesses. Enrico Pense from Greifswald, Germany was chosen to serve as the Artist Ambassador to create the poster. The setting of Wolf Pen Creek Amphitheater and the festival's mix of entertainment inspired the poster's design and mood.
